

Eric D. Warner

UX Designer, Product Designer

Website: www.ewcs.co

Phone: 267.701.6209

Email: e.warner86@gmail.com

Location: Baltimore, Maryland

In my 17 years of experience I have designed User Interfaces and experiences, planned, supported, and implemented features and roadmaps, and led cross-functional teams at startup companies and large companies such as DHS (Department of Human Services and Under Armour).

Work Experience

Senior UX Designer at Leidos, September 2021 - Present

- Currently works on two separate agile scrum teams designing for the SSA system known as HACPS on a daily basis.
- Promoted to Lead Component Designer where I create, maintain, and ensure that all components adhere to the design standards set by the User Experience Group.
- Documented and Identified key risk and issue areas that needed UX modification.
- Collaborates with team members daily and participated in weekly design critiques.

Design Educator at Thinkful (Chegg), June 2019 - March 2024

- Provided design critiques and resources to student mentees.
- Reviewed and graded students work online and in one on one format.
- Held mock interviews with students to get them prepared for the workforce.
- Reviewed student presentations and provided design feedback.

Service & Interaction Design Specialist at Fjord (Accenture), June 2019 - May 2021

- Collaborated with a close-knit team of Product Designers, Product Managers, and Engineers.
- Identified key areas that can be enhanced and justified my recommendations with research and inspiration.
- Worked alongside a Product owner to use both quantitative and qualitative data when making decisions and forming product roadmaps.

Work Experience (Continued)

- Created user flows, mockups, and prototypes using old-school tools (pen and paper, notecards, whiteboards) and new-school ones too (Sketch, Invision).
- Observed usability tests during the creation process to help guide my designs to the best possible solution.
- Presented my work to the Product owner, as well as various project stakeholders and GSA senior leadership.
- Created and delivered over 60+ UX/UI designs for desktop, tablet, and mobile devices on-time based on sprint commitments.
- Lead review of the USWDS design system used on other federal clients with GSA Product Owner.
- Maintained and updated the GSA design system library with over 100+ design components.
- Mentored and reviewed over 100+ designs from product designers.
- Created best practices documentation around the global header and footer of the GSA website.

Senior Product Designer at Creative Circle, March 2012 - March 2019

- Collaborated with a close-knit team of Product Designers, Product Managers, and Engineers.
- Identified key areas that can be enhanced and justified my recommendations with research and inspiration.
- Worked alongside a Product owner to use both quantitative and qualitative data when making decisions and forming product roadmaps.
- Created user flows, mockups, and prototypes using old-school tools (pen and paper, notecards, whiteboards) and new-school ones too (Sketch, Invision).
- Presented my work to the Product owner, as well as various project stakeholders and senior leadership.

Senior Product Designer at Aquent, November 2010 - November 2015

- Collaborated with a close-knit team of Product Designers, Product Managers, and Engineers.
- Identified key areas that can be enhanced and justified my recommendations with research and inspiration.
- Worked alongside a Product owner to use both quantitative and qualitative data when making decisions and forming product roadmaps.
- Created user flows, mockups, and prototypes using old-school tools (pen and paper, notecards, whiteboards) and new-school ones too (Sketch, Invision).
- Observed usability tests during the creation process to help guide my designs to the best possible solution.
- Presented my work to the Product owner, as well as various project stakeholders and GSA senior leadership.
